

CIE
LONDON

26 for 2026

A Lifetime of Expertise

We're starting the year by reflecting on the projects that have shaped CIE London and the expertise they bring into the year ahead.

What does decades of delivery bring into a new year?

26 Projects for 2026. A Lifetime of Expertise.

CIE London are delighted to share a curated selection of 26 projects from our portfolio. Each project represents the craftsmanship, collaboration and design intelligence that define how we work today.

From super-prime residential developments to bespoke interiors at London's most prestigious addresses, these projects reflect not just where we've been, but how we continue to move forward.

Join us as we revisit the work that informs everything we do, in 2026 and beyond.

You will not find anyone in the Prime Residential kitchen sector with an equivalent depth of portfolio that CIE has..

One Hyde Park Knightsbridge is more than an address; it's a testament to the allure of luxury living in one of the world's most dynamic cities.

One Hyde Park

Project 001/26
Knightsbridge, London

One Hyde Park set a new benchmark for super-prime residential living in London. A project of uncompromising quality, precision and style throughout.

CIE
LONDON

The Bromptons

Project 002/26

Knightsbridge, London

From the CIE archives, The Bromptons is a collection of stunning period properties originally constructed as a hospital in 1844, and redeveloped in 1997, to create an exclusive and highly desirable development.

CIE was tasked to provide a highly bespoke joinery solution that was respectful to the building's original architectural attributes. Many of the kitchens installed by CIE remain to this day, still exhibiting the incredible skill and joinery of our installation team.

A true testament of enduring style and craftsmanship.

20 Grosvenor Square

Project 003/26
Mayfair, London

Located in the heart of historic Mayfair, our Client's focus was to create exceptional Kitchen detailing for the world's most discerning clientele. Their hallmark of timeless modernity and effortless elegance was instrumental the CIE kitchen offering which incorporated the finest bulthaup cabinetry, equipped with the world's leading appliance brands.

the very best in London living at the city's most sought-after address, where style, heritage and exemplary service combine to create a service-rich lifestyle in the world's most famous garden square

CIE
LONDON

The Star & Garter

Project 004/26
Richmond, London

CIE were appointed as the sole kitchen contractor to this sensitive conversion of the landmark Grade II listed former Royal Star and Garter charity home in Richmond Hill. Built between 1921 and 1924 to a design by Sir Edwin Cooper, based on a plan produced by Sir Giles Gilbert Scott, this magnificent building is set just a few meters from Richmond Park. It boasts an iconic view of the River Thames that was famously captured by Turner's watercolours. A view so precious it is protected by an Act of Parliament

CIE
LONDON

Burlington Gate

Project 005/26
Mayfair, London

Burlington Gate is a true Mayfair masterpiece, with highly crafted kitchen designs that exude our passion for the finest detail and material finishes. The highly evocative veneer and aluminium kitchens provide a sense of warmth and comfort. Intricate detailing, unique finishes and exceptional project management that that you will only experience through CIE and bulthaup.

“Taking note of London’s exceptional Mayfair scene, Burlington Gate’s simple elegance offers a truly modern interpretation of the surrounding architecture

CIE
LONDON

Neo Bankside

Project 006/26
Southbank, London

Situated in the heart of Bankside on the South Bank of the River Thames, NEO Bankside strikes a distinctive geometric poise alongside the Tate Modern. CIE worked closely with our Client to specify a kitchen interior scheme that manifested the contemporary architectural language formed by the building.

Kensington Green

Project 007/26
Kensington

Between the years 1990 to 2000 the notion of the luxury apartment is synonymous with CIE Kitchen Design. Our installation of bulthaup 'System 25' kitchens to the Kensington Green development set new standards in luxury property design. The exclusive gated community on the site of what was St Mary Abbots Hospital, provided a stunning collection of elegant houses, penthouses and apartments in the Centre of Kensington & Chelsea

CIE
LONDON

One Blackfriars

Project 008/26
Southbank, London

The striking residential development to the heart of London's South Bank marked CIE's return to the riverside. It's shimmering façade and distinctive appearance saw the development welcomed as a magnificent addition to the London skyline.

Battersea Power Station Phase 1

Project 009/26
Battersea

Circus West Village and Faraday House collectively formed the first phase of CIE London's work at this iconic Site. Innovative materials intertwined with expressive design.

CIE
LONDON

Cheyne Terrace

Project 010/26
Chelsea, London

Located between the affluent King's Road and Cheyne Walk in prime residential Chelsea, Cheyne Terrace exhibits a sophisticated architectural styling that references the surrounding Georgian properties. CIE thoughtfully designed the kitchens to reflect the scale and repetition of the façade, incorporating the finest handcrafted veneer from bulthaup.

Floral Court

Project 011/26
Covent Garden

The heritage of Covent Garden's iconic market was the inspiration behind the creation of Floral Court's luxury apartments at the heart of London's West End. Every apartment was designed to be unique. This characteristic was reflected in the stunningly beautiful Arabescato Corchia marble cladding, handpicked at source through CIE London's extensive networking of industry professionals.

CIE
LONDON

Marylebone Square

Project 012/26

London

At Marylebone Square W1, the kitchens serve as a focal point of contemporary craftsmanship and prime residential architectural refinement. The carefully curated specification, designed in conjunction with the Architect and the Developer's Design Team, is crafted with bulthaup's signature precision, and expertly project managed with CIE meticulousness.

CIE
LONDON

Our vision was to create a location where residents feel they have truly arrived.

Southbank Place

Project 013/26
London

London's iconic and vibrant Southbank represents the very best of the city. CIE London's work extended across multi phases of the Southbank Place development as testimony to the quality of our work and project management. Exquisite detailing and the very best workmanship and design – so uniquely CIE London.

CIE
LONDON

Battersea Power Station Phase 2

Project 014/26
Battersea, London

CIE were honoured to be selected as the sole kitchen provider for Central London's most visionary regeneration project – the iconic Grade II* listed Power Station.

Expert project management by CIE London ensured that every aspect of the kitchen finish was executed to the highest possible standards

Buxmead

Project 015/26

Bishops Avenue, London

The Buxmead project is a standout development on The Bishops Avenue in Hampstead. CIE Designers worked with bulthaup to provide a clean and minimalist, yet distinctly classic design approach. The kitchen plays a central figure in the social ambience of the Buxmead residences seamlessly blending modern aesthetics with functionality, to create a convivial environment.

CIE
LONDON

Park Hyatt London River Thames

Project 016/26
London

Park Hyatt Luxury Hotels are distinguished by their enduring association with refinement and prestige. This considered approach is reflected in CIE London's kitchen design at Park Hyatt London River Thames.

CIE
LONDON

At the time Wren rebuilt St Paul's, he didn't replicate the old cathedral but designed something of its own day. Montevetro is a building for our era, but it respects its setting, not by deference but by sensitivity to the context.

Lord Rodgers

The Montevetro Building

Project 017/26
London

26 years on from CIE London's kitchen design and installation, Richard Rodgers Montevetro remains the standard bearer for London's super prime riverside developments. A beacon of excellence and a masterclass in inner city residential design.

CIE
LONDON

Holland Park Villas

Project 018/26
Kensington

Holland Park Villas exudes a refined and contemporary palette exemplifying exceptional interior design. CIE contributed to the aesthetic with generously appointed and beautifully designed bulthaup kitchens.

One Kensington Road

Project 019/26
De Vere Gardens, Kensington

The kitchen design at One Kensington Gardens exemplifies a harmonious blend of form, function, and aesthetics. CIE's design team applied the Bauhaus principles influenced by bulthaupt's values. By incorporating high-quality materials, ergonomic layouts, and Gaggenau Series 400 appliances, the kitchen spaces are both sophisticated and practical.

CIE
LONDON

One St George Wharf

Project 020/26
London

The graceful cylindrical form of The Tower occupies a prominent bend on the River Thames rewarding its residents with breathtaking views of London. CIE were appointed to add to the aesthetic through the incorporation of beautifully designed and highly engineered bulthaup kitchens, handcrafted to suit the organic structure provided by the buildings core.

CIE
LONDON

The Bryanston

Project 021/26
Hyde Park

The Bryanston consists of 54 of the finest apartments offering unparalleled panoramic views of the most important corner of Hyde Park. The thoughtful attention to detail has been accentuated through the stunning natural marble specification which sits at ease with the spectacular Hyde Park backdrop. The bulthaup b3 furniture has been beautifully curated with CIE London's personalised touches.

CIE
LONDON

Lillie Square

Project 022/26

Earls Court

Lillie Square offers a world of contemporary luxury where the design emphasis was to provide a sanctuary for residents. CIE designed and installed a collection that is quintessentially bulthaup.

CIE
LONDON

199 Knightsbridge

Project 023/26
London

The award-winning 199 Knightsbridge demonstrates a considered approach to contemporary luxury, where material quality, precision detailing and spatial clarity take precedence over excess. At the heart of the scheme that was completed in 2005, CIE London delivered bespoke bulthaup aluminium kitchens, paired with aluminium Gaggenau appliances. The result is a refined, performance-led kitchen environment where craftsmanship, engineering and architectural intent align seamlessly.

CIE
LONDON

The Peninsula

Project 024/26
Belgravia

Located at the heart of Belgravia, The Peninsula London redefines the barometer for world class guest experience. CIE London's meticulous design approach prioritised craftsmanship and material innovation.

CIE
LONDON

100 George Street

Project 025/26
Marylebone

The beautifully considered interiors at 100 George Street are conceived with restraint and longevity in mind. CIE London collaborated with the Client's design team to source the finest finishes, which resonate through bespoke kitchen furniture, tactile materials, and precise craftsmanship. Eclectic details are introduced with subtlety, offering a considered response to the history and spirit of this London neighbourhood.

CIE
LONDON

The Chancery, Rosewood

Project 026/26

Mayfair

The former U.S. Embassy on Grosvenor Square has been exquisitely reimagined as a landmark of understated luxury and thoughtful design. Layered soft neutrals are elevated by richly textured timbers, subtle metallic detailing, and expressive stone surfaces, creating an atmosphere that is both sophisticated and deeply inviting. This considered design language is seamlessly extended into the bespoke kitchen furniture by CIE London, executed with the refinement and exactitude of a Savile Row suit, where craftsmanship and detail define the final composition..

CIE
LONDON

26 For 2026

As we look ahead to 2026, these projects remind us that experience isn't just something you look back on.

It is something you carry forward.

Each project shared this month reflects the standards, partnerships and craftsmanship that continue to define CIE London today.

Our focus remains the same: thoughtful design, meticulous execution and enduring quality

Delivered for every client, every time.
